APPENDIX 7 - "TRACKING / GPS" SYSTEM

The equipment (same as the image on the right) installed in the vehicle, has **three buttons, a large red button in the middle that activates the SOS emergency number and two smaller buttons a green and a red one, that can be used to inform the crew status in case of retirement/accident,**
This communication is done in two ways, via voice allowing the RC and the crew to exchange information about reason for retiring, the state of the occupants and via the GPRS communication link, the equipment has with the Rally Control.
Upon activating any of the three buttons the RC is immediately notified that the competitors have activated them.
